With GWM fleet, there is no compromise.

Whether you're running a small business or a national operation, zipping around the city or powering through our vast countryside - there's a GWM vehicle that can bring more to your fleet.

More tech and power. More style and safety. All delivered with more efficiency - just like today's fleet buyers demand.

With 15 years of experience on Australian roads, engineering tested again and again in toughest local conditions, a broad reaching national network with more than 130 dealerships, and a commitment to improve a little more every single day, GWM offers an unbeatable combination of value, durability and ongoing support — which will keep your fleet moving safely, and satisfied.

Safety, performance, design and technology.

Why Go With More?

Certified on selected models

Global origins:

GWM has been making class-leading vehicles for over 40 years, sourcing the best tech, safety and performance components through our expanded global R&D network. It's industry experience that can be trusted on any road.

Our Care:

Compare our care with the others, and you'll find incredible warranties, capped-price servicing and roadside assistance included standard across the range. Helping you drive with a little more confidence every day.

Our Range:

From big, burly utes, to family SUVs and zippy little EVs, GWM has a drive for any employee. And these vehicles come with more tech, power, style and safety included as standard. So drivers enjoy more car with GWM.

Local expertise:

Our vehicles have been tried, tested and tailored to Australia's local conditions for 15 years. And with 100s of dealers in our national network, there's always help and support around the corner.

More Safety:

Safety comes first in the workplace, and your team will be well looked after in a GWM. A 5-Star ANCAP safety rating, and a suite of autonomous safety features, come standard on almost all GWM vehicles.

Tech and accessories:

From the GWM app, to top-end 360 cameras, to Hi4 performance on our PHEV models, to "Tank turn", and more, each vehicle is packed with its own expression of GWM technology.
**Accessories may come at an extra cost.*

Highly intelligent mobility.

ANCAP Safety

Every GWM vehicle is designed with safety as a top priority. With 5-star ANCAP safety ratings across much of the range, our models feature advanced driver assistance systems to help protect you and others on the road. Technologies such as Intelligent Adaptive Cruise Control, Lane Keep Assist, Traffic Sign Recognition, Traffic Jam Assist, and Auto Parking Assist work together to give you confidence and peace of mind every time you drive.

Meet the fleet with more

GWM Ora range

Innovation is at our core and the Ora EV range is the perfect representation of state-of-the-art electric engineering, classic design aesthetics and trailblazing technology.

GWM Haval range

Our Haval SUV range is built with the everyday practical needs of our customers. Comfort, quality, style and safety combined with sophisticated design features.

GWM Cannon range

Our Cannon range has been purposely crafted and designed to enable the versatility our customer demands- onsite workhorse - daily driver -weekend escape vehicle.

GWM Tank range

Our Tank 4x4 range is built for those who want all the capabilities for off-road adventures, with the technology and safety features to suit everyday life.

GWM Ora

GWM Ora

Choose a more powerful look in this punchy EV

Looks mean little, without substance sitting behind them. And in the GWM Ora, you can enjoy a powerful combination of both in the one potent package. Its sleek, curved exterior, nods to the classic styling of yesteryear. But the finishes and features look boldly towards tomorrow.

Inside, a 10.25" infotainment screen, wireless charging, wireless Apple CarPlay and Android Auto keep you in the know, while you're on the go. And when you need to step away, you can access your GWM Ora remotely through the GWM App.

A powerful little performer, the GWM Ora puts out 126kW of power and 250Nm of torque from its front mounted electric motor. But efficiency is where it rules the road, with up to 400km of driving range (WLTP), 0 g/km of tailpipe CO2 emissions, and the ability charge 30-80% in just 35 minutes. All this and a 5-Star ANCAP safety rating make the GWM Ora hard to look past for the modern city slicker.

GWM Haval Jolion Hybrid

GWM Haval Jolion Hybrid

**Elegant design,
Efficient hybrid
performance.**

Sophisticated form meets intuitive function in this dynamic SUV. A small SUV that feels oh so big, its 1.5L hybrid engine will keep you powering in the right direction, wherever you're heading in life, with CO2 emissions from 111g/km. And with 18" alloy wheels, you'll arrive in the sleekest of style.

This vehicle is loaded with gadgets to keep the tech-heads happy - like wireless phone charging and a 10.25 infotainment screen - and a raft of progressive protective features to keep them safe - like a 360 Degree Camera, Adaptive Cruise Control and Lane Departure Warning. It all adds up to a small SUV that's a huge help in life.

GWM Haval H6GT Plug-in Hybrid

GWM Haval H6GT Plug-in Hybrid

Power through more
in this sporty SUV.

Modern life is a lot. Full throttle. Never stop. And the GWM Haval H6GT Plug-in Hybrid is equipped with the goods to help you never miss a beat. Part sporty coupe, part stylish SUV, it pairs an electric motor with a 1.5L turbo petrol engine, pumping out a combined 321kW and 762Nm of power. It hits 0-100km/h in just 4.9 seconds. Yep, life's a blur in this one. But all that performance does not come at the expense of efficiency.

The GWM Haval H6GT Plug-in Hybrid boasts a class-leading 180km of pure electric range, over 1000km of combined range - and CO2 emissions from just 19g/km. Add to the mix 19-inch black wheels, a 12.3 inch infotainment screen, panoramic sunroof and a 360-degree camera, and you have a vehicle that looks the part and plays the part, whatever you call on it for in life.

GWM Haval H6 Hybrid

GWM Haval H6 Hybrid

This SUV is packed with techy features that deliver more OOOH...

Panoramic sunroof....oooh. 14.6 inch infotainment screen...oooh. 19-inch alloy wheels....oooh. In the GWM Haval H6 Hybrid, the list goes on. This smart SUV is packed with a long list of impressive features. Safety features like autonomous emergency braking and a 360 degree camera. Efficiency features resulting in CO2 emissions from just 22g/100km. Techy features like wireless charging, wireless Apple CarPlay and Android Auto and heads up display. And features that make your ride feel oh-so stylish, like a 9 speaker surround sound system*, and a heated steering wheel^.

GWM Haval H7 Hybrid

GWM Haval H7 Hybrid

Go With -a bit- More Adventure

The Haval H7 is for those who want more than the average SUV.

With bold, off-road inspired design and a practical five-seat layout, it's built to handle everything from the school run to spontaneous weekend escapes. Inside, you'll find comfort and convenience at every turn, with an 8-way adjustable driver seat, panoramic sunroof, and a suite of intelligent safety technologies that give you confidence wherever you go.

Under the hood, the advanced 1.5L Turbo Hybrid powertrain delivers an impressive 179kW of combined power and a commanding 530Nm of combined torque. This means effortless overtaking, smooth acceleration, and plenty of pulling power when the journey gets challenging. And while it's big on performance, it's just as clever with efficiency - returning 5.7L/100km fuel economy and CO₂ emissions from 131g/km.

Balancing weekend adventure with everyday versatility, the Haval H7 offers the perfect blend of style, performance, and practicality—ready for whatever life throws your way.

GWM Cannon

GWM Cannon

From heavy loads to fussy passengers, you can chuck more in the Cannon.

The GWM Cannon is delivering more utility back into the ute market. First, it's got the rough and tough stuff covered with a 2.4L turbo diesel engine pumping out 135kW & 480 Nm Torque, and a 3.5 tonne braked towing capacity. So it can shift the heavy stuff and handle all the hills you like, with CO2 emissions from 199 g/km. And look the part while it's doing so, with 18" alloy wheels.

But unlike many other utes on the market, this beauty is packed with features to help you shift that other important kind of cargo - people. The elegant interior comes loaded with wireless charging, wireless Apple CarPlay and Android Auto, a 7-inch digital cluster and 12.3-inch infotainment display screen. Plus with safety features like Lane Departure Warning, Adaptive Cruise Control and Reversing Camera onboard, your passengers will be perfectly protected.

GWM Cannon Alpha Plug-in Hybrid

GWM Cannon Alpha Plug-in Hybrid

**Hard work feels more effortless in
Australia's best hybrid ute.**

In the GWM Cannon Alpha Plug-in Hybrid you'll discover, strength does not have to feel like a strain. Powered with a 2.0L Turbo Petrol Hybrid engine, with a combined Power of 300kw and 750Nm of torque, and GWM's revolutionary Hi4T 4x4 system - this beast makes light work of hard work. And it can do it all day, with a class-leading 115km of pure electric range and CO2 emissions from 39g/km.

Elegant on road, you'll cruise with all the modern comforts - like a 14.6 infotainment screen, wireless charging, wireless Apple CarPlay & Android Auto, the GWM App for remote car access and 60/40 split-swing electric tailgate to help you load with more leisure.

But the GWM Cannon Alpha Plug-in Hybrid owns adventure too, with a 3.5 tonne braked towing capacity, intelligent off-road functions like Clear Chassis, and front and rear differential locks - plus a Panoramic Sunroof so you can always take in the view.

GWM Tank 300

GWM Tank 300

Go with more grunt,
in this powerful 4x4 off roader.

Charge through the roughest of stuff in the GWM Tank 300. With muscular good looks on the outside, you might be surprised to find such polished tech and style in the cabin - with a 12.3" infotainment screen, wireless charging, and wireless Apple CarPlay & Android Auto at hand. Plus the GWM App for remote car access.

Just point the GWM Tank 300, in any direction, and it will go - with CO2 emissions from 205g/km. With all-terrain driving modes and intelligent off-road functions like Clear Chassis, Tank Turn Assist, Crawl Mode, and front and rear differential locks, you're always on when you're offroad. Plus, 3-tonne braked towing capacity and a 5-Star ANCAP safety rating will keep the confidence up when the going gets great.

GWM Tank 500 Hybrid

GWM Tank 500 Hybrid

Be more Tank, in this luxury 4x4.

In the GWM Tank 500, you'll find it even easier to follow that call for offroad adventure, with 11 all-terrain driving modes and intelligent off-road functions like Clear Chassis, Tank Turn Assist, Crawl Mode, and front and rear differential locks. And with a 3-tonne braked towing capacity, and a mechanical 4x4 system with transfer case built by world renowned Borg Warner - you can pack everything including the family and the kitchen sink, wherever the adventure leads you.

The roads you travel in the GWM Tank 500 may be rugged, but, with a 14.6 infotainment screen, wireless charging, wireless Apple CarPlay & Android Auto and the GWM App for remote vehicle access, plus a Panoramic Sunroof (ultra model only), the ride is nothing but refined.

Add a 5-Star ANCAP safety rating and just 199g/km of CO2 emissions, and you have a vehicle that perfectly pairs powerful performance with progressive smarts and confidence.
